

Declaration of consent under data protection law

To send you information on new events, we need your consent. The following declaration of that consent is voluntarily and may be withdrawn at any time without stating reasons.

If you have already given your declaration of consent under data protection law with different content in the past, you don't need to tick anything in the following. If a further declaration of consent with different content is given, the most recent one always applies. If the following declaration is not filled in, this has no effect on any declarations of consent under data protection law already given, the revocation of these always requires a separate revocation in each case:
